A Visual Guide

What to expect in Z-escape

This pack is designed to help familiarise you and your group/family with The Library of Enchantment. It highlights lighting, sounds, and themes and some useful info for your visit.

When you arrive -

Check in at the Box Office, and our team will let your Escape Room Host know you've arrived!

There are different Escape Room Hosts who each bring their own magic! They'll guide you through the Escape Room from start to finish.

The Library of Enchantment

Our staff will be in a purple
Z-arts t-shirt.

One of our Story
Explorers!

The Library of Enchantment is a family-friendly Escape Room.

What to expect -

You have 60 minutes to solve the mystery!

We usually run three timed sessions per day, so it's important to arrive on time – late arrivals may not be admitted into the Escape Room.

Your Escape Room Host will explain the challenge and what you need to do.

It's okay to ask questions at any time!

Lighting and Sound

There are different rooms each with slightly different lighting, there is one room which is darker. Atmospheric music and sound effects will play gently in the background, setting the scene without distracting you as you focus on the puzzles.

While you're in the Escape Room -

Together, you'll move through each room, solving clues, riddles and puzzles along the way!

Working as a team is super important, everyone can help out.

Need any help?

Your Escape Room Host will be with you the whole time, they can give you hints if you get stuck.

Solve the mystery in time!

Make sure you take a photo with your team afterwards. Share it with us on socials too!

Let us know if we can do anything to make your visit better - we're always happy to help!
